Mr. Austin A. Hill,

Dear Sir:

Replying to your letter of the 18th I am enclosing an application blank which you should fill out and swear to before a Notary Public or Justice of the Peace. Then return it here with your pension certificate and army discharge. After it is passed on by a committee of the Trustees you will be notified of their decision. Please answer all of the questions and have the certificate on the third page signed by two of the Selectmen of your town or by the officers of your G. A. R. Post.

If your application is accepted we require your papers mentioned above to be kept in the office of the Home while you remain a member, but if you should not be accepted they will be returned to you.

I am enclosing also a copy of the rules of admission which you should read carefully as they show who are eligible for admission.

No part of the pension is required to be paid to the Home by those who enter it.

If I can give you any further information please advise me.

Yours very truly,

Geo. P. Martin
Superintendent.
