Bennington, Vt.

My dear Sir:

I am very pleased to send you a few Brattleboro folders which I know you will use to the best advantage possible. I am also sending some to Mr. Thorn, as you suggest. It is indeed a pleasure to have our town remembered by different ones in various parts of the country. Yesterday I was requested to send some to Tallahassee, Florida. We are anxious to have it known everywhere that we have the best town in the world and are glad to send these folders that information may be more widely disseminated.

Yours very truly,

Secretary.
