Dr Burnett said she wasnt getting along as well as she ought to. Raymond and Lila were here to day, Ray said the road between here and Jacksonville were pretty good, but I see by the paper

We are going to have another rainy spell it rains hard to night so the folks had to go home in the rain.

Lila and Raymond stopped on the way over and picked some May flowers, they are the first ones I have had this spring.

I am glad you are feeling better, and hope
