Mr. Austin A. Hill,
West Halifax, Vt.

Dear Mr. Hill:

Replying to your letter of the 16th received yesterday, you can come back to the Home at any time. Your old room is taken but there is another on the same floor, provided you are able to go up stairs. If not you would have to go to the hospital where all is on one floor.

I have written Dr. Hyde telling him that you can come back now at any time. When you wanted to come, earlier, we had so much sickness that we could not take anyone, but it is much better now.

With kind regards, I am,

Yours very sincerely,

Arthur S. Martin

Superintendent.
